#### **Fish & Boat Commission Sets Meetings On 3 River Management Plans**

The Fish and Boat Commission has scheduled seven public meetings to receive comments about the agency's draft river management plans for the Susquehanna River, the Three Rivers in Pittsburgh and the Delaware River.

At each meeting, PFBC biologists will describe the history of fish management on the particular river, identify the factors affecting the biological health of the river, prioritize the future needs relative to fisheries management, and discuss the proposed future plans. The public will then have the opportunity to provide brief comments.
